

66. (New) The pharmaceutical composition of claim 65, wherein said vaccine induces a humoral immune response, a cellular immune response or a combination thereof.

REMARKS

Upon entry of this amendment, claims 1-19 and 32-41 will be pending. The claims have been canceled or amended to delete improper multiple dependencies and phrases that do not conform with U.S. patent practice. The cancellation of any claim is without prejudice or disclaimer. The claims are fully supported by the specification and original claims. Examination and allowance of these claims is earnestly requested.

Respectfully submitted,

April 2, 2001
